

# Daily Dollar Questions 2017

# Level 5

For Year 9, Year 10, Year 11 students.

Curriculum level 5.

## What to do.

## For students.

1. You may work in pairs or on your own and your teacher or parent can help you.
2. Do the questions.
3. If you are right you will get the dollar value for each question.
4. There are usually 5 questions each day.
5. Each day's questions total \$100 in value.
5. Your teacher will tell you the answers and then you can work out how many dollars you have earned for the day.
6. Add the dollars you have earned each day in the Daily Dollar Questions and get a total which you can compare at the end of the week with others in your class.
7. Perhaps your teacher may award a prize for the highest totals for the week!
8. Good luck !

**2017**

## Daily Dollar Questions      Level 5.

**Monday:      Coronation Street Maths Question.**

From the script Coronation Street, broadcast in N. Z. January 2017.

**Aadi:**            I'm stuck.  
**Julie:**            Let me see.  
**Aadi:**            It's that one...

**Julie:**            Gordon travels 9 kilometres  
on his bicycle every  
morning, 3 kilometres less  
than Hector, but 6 kilometres  
less than Vincenzo.

**Vicenzo?**  
**Must be Italian.**  
**30 kilometres there and back in a day! Wow!**

**Julie:**            If they all set off at 7 o'clock and travel at the same speed  
then Vincenzo will arrive at 8 o'clock.  
**What time will Hector arrive at school?**

**Julie:**            That depends on the traffic!  
**It's murder at that time in the morning.**

**Aadi:**            Should I put that?

**Julie:**            I don't see what else you could put.  
**As if maths isn't hard enough without chucking in trick  
questions!**

# Questions!

## The 20 Dollar Question.

What time does Vincenzo arrive at school?

## The 40 Dollar Question.

What time does Hector arrive at school?

## The 40 Dollar Question.

What time does Gordon arrive at school?
